REPORT OF THE MUNICIPAL ADMINISTRATION AND FINANCES IN THE UNITED PROVINCES FOR THE YEAR 1935-36

GOVERNMENT, UNITED PROVINCES

No. 783/XI—358

MUNICIPAL DEPARTMENT

Dated February 19, 1938

RESOLUTION

READ :—

Divisional reviews on the working of Municipal Boards for the year 1935-36.

The Annual Report of the Director of Public Health for the calendar year 1935 and the Annual Report of the Superintending Engineer, Public Health Department, for the year ending March 31, 1936.

The Annual Report of the Local Audit Department for the year 1935-36.

OBSERVATIONS :—

Constitution.—The number of municipalities continued unchanged at 85. The system of nominating a woman member to each board, which was provided for by the United Provinces Municipalities (Second Amendment) Act of 1932, was permanently placed on the Statute Book on December 11, 1935. The Boards of Hapur, Khurja, Najibabad, Benares, Hardoi and Nawabganj (Bara Banki) remained superseded throughout the year. There was one nominated non-official and two nominated official Chairmen as compared with nine in all in the preceding year.

1. *Elections.*—General elections were held in December, 1935, in all but the hill districts and were keenly contested.

2. *Annual Reports.*—The majority of Boards submitted their reports with commendable punctuality. Lucknow delayed its report by more than 3 months.

3. *Meetings and attendance.*—The total number of meetings held increased from 1,883 to 2,119, giving an average of over 24 for each of the 85 boards in the province. The Banda Board held the largest number of meetings (60), but of these no less than 22 proved abortive for want of a quorum and 4 had to be adjourned. Allahabad came next with 57 meetings. The Boards of Jhansi, Shahjahanpur, Kanauj, Mussooree, Etawah and Cawnpore also held a large number of meetings ; many of their meetings had to be adjourned. It should not be necessary to restate that unduly frequent meetings can generally be avoided by systematic arrangement of business. At the other end of the scale were Ballia with 10 and Khairabad with only 5 meetings against the statutory minimum of 12 prescribed by section 86(1) of the Act.

There was no improvement in the attendance of members. In only seven municipalities did the percentage of attendance exceed 80. It fell below 60 in the case of 13 boards and Banda took the last place with an average of only 28.

4. *Income.*—Total income excluding opening balances and extraordinary items rose from 174·44 to 175·36 lakhs; the income from internal sources amounted to 169·2 against 167·50 in the preceding year.

The following statement shows the variations under the important heads :

Heads	1934-35	1935-36	Difference
	Rs.	Rs.	Rs.
Government grants	6,46,747	6,02,613	—44,134
Octroi	37,96,277	38,66,249	+69,972
Terminal tax	28,48,837	28,57,064	+8,227
Water tax	18,27,999	18,74,004	+46,005
Tax on houses and lands	11,25,929	11,58,337	+32,408
Terminal toll	7,36,481	7,61,463	+24,982
Tolls (on roads and ferries) ..	5,43,648	5,75,273	+31,625
Tax on animals and vehicles ..	3,55,979	3,19,150	—36,829
Pilgrim tax	2,28,221	2,42,721	+14,500
Tax on professions and trade ..	1,70,114	1,75,158	+5,044
Tax on circumstances and property ..	1,29,764	1,18,625	—11,139
Conservancy tax	1,32,501	1,25,269	—7,232
Miscellaneous	2,81,306	3,22,960	+41,654
Income from sources other than taxation.	55,41,477	54,56,140	—85,337
Total income ..	1,74,44,673	1,75,36,235	+91,562

The incidence of income per head of the population was Rs.5-2-1 and of taxation Rs.3-8-1 against Rs.5-1-10 and Rs.3-7-10 in the previous year.

Octroi.—Octroi continued in force in 45 municipalities. Although the income from this source taken as a whole rose by Rs.69,972, no less than 16 boards recorded a decline. The decrease at Gorakhpur was due to the outbreak of plague and at Mirzapur to the closing down of many shellac factories owing to an abnormal fall in the price of shellac. Continued economic depression has been put forward as the usual explanation; but it cannot be accepted as valid. In the main the decline must have been due to laxity of supervision and consequent evation of the tax. At Rae Bareli the sum refunded on account of tobacco exceeded the net amount realized from the tax. Comment is superfluous, even though an explanation would be put forward.

Terminal tax.—Terminal tax was in force in 20 municipalities and showed an increase of income which was shared by nine boards. Cawnpore recorded a fall of Rs.32,517 owing to a slump in the transit of commodities by rail. The increase under terminal toll was distributed over 10 out of the 20 boards which levied it.

Water-rate.—Although there was a further increase from water-rate in the 17 municipalities in which it is levied, the income from the sale of water declined in the case of six boards. The majority of

boards continued to display an unconquerable disinclination to embark on any comprehensive scheme of metering private connexions.

Pilgrim tax and tax on circumstances and property.—The fall under the tax on circumstances and property was largely the result of the unpopularity of this form of taxation. The increase under the pilgrim tax was due to the growth in the number of pilgrims going by railway.

Income from other sources.—Total income from sources other than taxation decreased from 55·41 to 54·56 lakhs and Government grants fell by Rs.44·134. Realizations under the Special Act remained practically stationary at about Rs.2·56 lakhs and revenue from municipal property decreased from 43·10 to 42·42.

5. *Collection.*—The percentage of collections to demand fell from 80·19 to 78·37 : but there was a welcome increase from 24 to 28 in the number of boards which collected more than 90 per cent. of their demand. The number of those boards which failed to collect 70 per cent. of the demand decreased from 14 to 13. Five boards (against four in the previous year) collected less than one-half. Among the larger municipalities, Lucknow was an easy first having collected more than 94 per cent. of its demand ; Bareilly stood second with a percentage of 86·63. In Cawnpore the percentage improved from 83·7 to 84·9 but this improvement was counterbalanced by remissions which amounted to Rs.16,970 leaving an outstanding balance of Rs.1,69,896 at the end of the year. Benares showed an appreciable improvement in collection.

Among the smaller municipalities Fatehpur, Sandila, Sikandra Rao and Sambhal had the credit of collecting their demands in full and Mau collected over 99 per cent. On the other hand the Municipal Boards of Azamgarh and Jaunpur collected only 17 ·5 and 43 ·35 per cent. respectively of their demand.

6. *Expenditure*—Total expenditure increased from 169 ·15 to 175 ·00 lakhs. The following statement shows the increases under the more important heads :

Heads	1934-35	1935-36	Difference
	Rs.	Rs.	Rs.
Public Health and Convenience ..	89,03,326	91,77,520	+2,74,194
Public Instruction	23,84,291	24,44,564	+60,273
Public Safety	15,51,105	15,78,199	+27,094
General Administration and Collection charges.	19,39,002	20,14,351	+75,349
Miscellaneous	17,11,285	18,31,268	+1,19,983
Total expenditure	1,69,15,814	1,75,00,141	+5,84,327

The percentage of expenditure under various important heads to total expenditure was as follows :

General Administration	..	11·51 per cent.
Capital outlay on drainage	..	1·4 ,, ,,
Roads	..	7·96 ,, ,,
Public Instruction ..	..	13·58 ,, ,,
Conservancy ..	..	15·12 ,, ,,
Lighting	..	8·60 ,, ,,
Hospital and dispensaries	..	4·03 ,, ,,

7. *Audit*—The accounts of 59 municipalities (against 52 last year) are described by the Auditors as " satisfactory " or " fairly well maintained." The accounts of the remaining 26 boards, which included Agra, Allahabad, Meerut and Benares, were characterized as " unsatisfactory " or " capable of improvement."

Embezzlements were again discovered in Allahabad, Benares, Brindaban, Bulandshahr, Ghaziabad, Hathras, Jaunpur, Jhansi, Khairabad, Lucknow, Mainpuri, Meerut and Saharanpur. As heretofore, they were facilitated by disregard of rules and lack of supervision over the staff. No less than 17 boards failed to take adequate or timely action on the audit notes and objections statements. The ordinary expenditure of many boards has been in excess of their ordinary income for years past ; they are clearly drifting towards financial crisis.

Octroi accounts continued to suffer from lack of supervision. It was also reported in the case of most municipalities in which any kind of assessed taxes were in force that accounts and registers were not satisfactorily maintained. This was particularly noticeable in Agra where the accounts of the house tax and the water rate were found in as muddled a condition as ever. Despite the remission of Rs.17,684 in 1934-35 a heavy balance of no less than Rs.2,90,500 remained outstanding at the close of the year. The accounts of the Public Works Branch were full of mistakes and irregularities. These included the rejection of the lowest tenders for works without recording reasons, the maintenance of old schedules of unduly high rates for public works and the execution of certain works without calling for tenders. A considerable amount of temporary advances, some of them relating to several years back, remained unsettled and unadjusted at the close of the year.

8. *General financial position.*—The total income increased slightly, but this increase was counterbalanced by a corresponding increase in expenditure. Expenditure exceeded income in no less than 42 boards against 38 in the previous year. The total amount of invested funds fell from 21·75 to 15·30 lakhs and 17 boards had no invested funds at all. The following brief review of the financial position of the more important boards may be of interest :

(i) City Boards

Cawnpore—Total income was 22·273 against an expenditure of 21·99 lakhs.

Lucknow—Total income was 21·24 against an expenditure of 20·58 lakhs. Its investment stood at Rs.1·35 lakhs and its percentage of collection to demand was the highest among the large municipalities.

Allahabad—Total income fell from 15·10 to 14·99 lakhs while expenditure rose from 14·25 to 15·22 lakhs. The closing balance of Rs.1,45,310 included large sums on account of earmarked items and outstanding liabilities. The actual balance was Rs.33,796 or Rs.31,204 less than the prescribed minimum.

Benares—Total income rose by Rs.46,876 from 15·63 to 16·10 lakhs. The closing balance amounted to Rs.5,53,995 against Rs.4,93,505 of the previous year.

Agra—Total income was 9·41 lakhs against an expenditure of 9·80 lakhs with invested funds at the previous year's figure of Rs.54,980.

Bareilly—Income rose from 6·26 to 6·50 and expenditure fell from 6·91 to 6·52 lakhs.

Moradabad—Income fell from 3·90 to 3·79, and expenditure rose from 3·39 to 3·76.

Meerut—Income increased from 5·10 to 5·20 lakhs but expenditure also rose from 5·24 to 5·57 lakhs. The cash balance was reduced from Rs.61,248 to Rs.21,417.

(ii) NON-CITY BOARDS

The financial position of only a few of the smaller boards can be dealt with in this review:

Meerut Division—Expenditure exceeded income in Dehra Dun, Saharanpur, Deoband and Ghaziabad. In Ghaziabad and Kairana liabilities exceeded the closing balances. Saharanpur, Hardwar, Muzaffarnagar, Ghaziabad and Khurja reduced their invested funds while Baraut and Sikandrabad continued to have none.

Agra Division—Expenditure exceeded income everywhere except in Koil and Jalesar. The closing balances of most of the boards were illusory, as heavy liabilities were left outstanding at the close of the year.

Rohilkhand Division—The financial condition of the boards was still unsatisfactory. The boards reported last year continued to have no invested funds and Bijnor, Budaun and Ujhani failed to maintain their statutory working balances. Expenditure exceeded income in the case of no less than seven boards.

Allahabad Division—Expenditure exceeded income in Fatehpur, Farrukhabad and Kanauj. Farrukhabad withdrew its invested funds, while Kanauj had outstanding bills at the close of the year; the prescribed working balances were not maintained.

Jhansi Division—Excepting Banda the income of all boards declined. Everywhere except Banda and Kunch expenditure exceeded income. With the exception of Mau, however, all boards maintained their working and reserve balances above the prescribed limits.

Benares Division—All non-city boards in the division spent more than their income. The financial condition of Ghazipur was precarious. Jaunpur recovered its financial position and Ballia continued to maintain it satisfactorily.

Gorakhpur Division—After several bad years the financial position of the boards in this division improved.

Kumaun Division—Expenditure exceeded income in Almora and Kashipur and the financial condition of the former further deteriorated. The financial position of Naini Tal continued to be sound.

9. *Water-works and drainage.*—With the addition of Hathras the number of municipalities with a piped water-supply increased from 17 to 18. The proportion of such municipalities is still very small, as the establishment of water-works involves capital outlay which boards cannot afford without borrowing. Properly managed water-works can and should be a source of some revenue, but in the year under review seven boards as against four in the previous year ran their water-works at a loss. There has been some improvement in the management of water-works and steps to deal with waste were taken by more than one municipality. Eight towns now provide a continuous supply of water to the public. In Almora and Jhansi the need for adequate water-supply is as pressing as ever.

Some progress with minor drainage schemes was made during the year, but little was done towards the carrying out of the larger schemes which important municipalities had in view. The total capital outlay on drainage fell from 3·42 to 2·46 lakhs.

10. *Electric supply.*—With the electrification of Farrukhabad, the number of municipalities enjoying electric supply increased to 43. Several boards had electric schemes in contemplation, but with the exception of Firozabad, Shikohabad and Etawah none made any appreciable progress with them. The Dehra Dun Electric Scheme continued to be worked satisfactorily by the Mussoorie Board.

11. *Roads.*—Expenditure on roads had risen in the preceding year; but it decreased from 14·49 to 13·94 lakhs. Forty-four boards spent more and 39 less on their roads than in the previous year, while in one municipality the expenditure remained the same and in another it was "nil." Of the principal municipalities, Lucknow failed to maintain the improvement it had brought about. Cawnpore spent Rs.76,372 less than in the year before and failed to complete its road programme. Allahabad spent Rs.95,827 against Rs.1,11,314 in the previous year and the Commissioner found the greater part of the metalled roads lamentably poor. The Agra Board spent Rs.1,03,625 as compared with Rs.44,817 in the previous year. There was also a noticeable improvement in the condition of the main roads in Meerut, while there was none at Fyzabad. Some of the smaller boards showed some improvement in the condition of the roads.

12. *Protection against fire*—Only the larger municipalities and a few smaller ones had any arrangements for protection against fire, but most of them were defective. Their inadequacy at Agra was

demonstrated when a serious fire broke out in March, 1936, and caused considerable loss of property.

13. *Vital statistics.*—The birth-rate exceeded the death-rate by 12·13 per thousand of population. The excess was shared by all excepting the municipalities of Hardwar Union, Brindaban, Tilhar and Benares. The birth-rate rose slightly from 48·04 to 48·79. The municipalities which returned the highest birth rates were Orai (67·14), Mau (63·61) and Kalpi (63·29), the lowest figures were furnished by Mainpuri (10·45), Mussoorie (19·20) and Banda (21·90). The death-rate decreased from 40·07 to 36·66 per thousand. This average was exceeded in 34 municipalities; Benares with 64·0 deaths per thousand recorded the highest death-rate, and Tilhar with 59·44 and Hathras with 54·72 came next. As in the previous year Mainpuri with 6·36 and Banda with 8·70 recorded the lowest death-rate. Infantile mortality fell from 271·89 to 224·49. In 36 municipalities the death-rate was higher, while in 49 it was lower than the provincial average. Tilhar returned the highest infantile death-rate (330·21) followed by Atrauli (322·20), Etawah (310·88) and Sahsawan (308·97). The lowest rates were returned by Banda (93·69) Ghaziabad (113·15), Lakhimpur (118·00) and Ghazipur (125·43).

The need for closer supervision over the reporting of births and deaths so as to reflect true facts exhaustively need not be restated.

Maternity and child welfare work continued to make progress. In cases attended to by the League, the death-rate among infants of less than a year was only 61·34 per mille as compared with 289·87 per mille in other cases.

14. *Education.*—There was a slight increase from 929 to 942 in the number of primary schools managed by boards and from 106,139 to 108,127 in that of scholars. The total expenditure fell from 11·93 lakhs to 11·30. The number of aided primary schools increased from 599 to 630, enrolment from 36,065 to 38,000 and expenditure from Rs.1,24,920 to Rs.1,62,616. Compulsory primary education continued in force in 36 municipalities.

Female education continued to make very slow progress. With the exception of Kanauj the boards which were reported last year to have spent nothing on girls' education again spent nothing; Sikandra Rao and Orai spent only Rs.142 and Rs.125 respectively. The number of girls' schools increased from 457 to 495, the number of scholars from 45,557 to 49,676 and the total expenditure by boards from 4·89 to 5·05 lakhs. Compulsory education for girls was introduced for the first time in this province during the year under review in the municipalities of Mirzapur and Muttra.

Many of the outstanding defects pointed out year after year still continue. Instances, however, are not wanting in which boards themselves realize that their income must be augmented to enable them to provide proper amenities such as roads, public lighting, adequate water-supply and sanitation. In many cases these services have received more attention than in the past. With the awakening of

public opinion and the realization by members of their public duties the tone of municipal administration must improve still further. In the larger cities at any rate the interest of the elector no longer begins and ends with the elections and the administration of boards is becoming the subject of frequent and well-informed criticism on the platform as well as in the press. Some chairmen are reported to have worked extremely well and to have set a high standard of administration. Many individual members also discharged their duties with commendable zeal and promptitude, besides making contributions to works of public utility. Government have noted their names with pleasure and offer their thanks to all such public-spirited citizens giving of their time and energy for public work.

ORDER—Ordered that a copy of this Resolution be forwarded to all Commissioners of Divisions for information and communication to the Chairmen of Municipal Boards, the Director of Public Health, the Superintending Engineer, Public Health Department and the Examiner, Local Fund Accounts.

Ordered also that a copy be published in the *United Provinces Gazette* for general information.

By order,

S. P. SHAH,

Secretary to Government,
United Provinces.

(e) The difference between this year's figure and that of last year is due to the sanction within 1935-36 of lease of certain nazul *plots* with retrospective effect.

* The excess is due to the correction of demand brought forward in the account of 1935-36 after overhauling the previous year's registers.
